TECHNICAL SKILLS

Languages: JavaScript , Typescript , Java , Python , MongoDB and PostgreSQL .
Frameworks: ReactJS, Node.js, NextJS , React Native , Express, NestJS , FastAPI and Electron.
Other Skills: Git, GitHub , Docker, Data Structure and Algorithms (DSA) , Redis and Babel .

EXPERIENCE

Full Stack Developer Intern   March 2025 – Present
Smart Stream Technologies   *Remote*
- Built a full-fledged **financial auditing platform** using **React** (Ant Design) & **FastAPI** (250+ APIs), developed end-to-end.
- Created an **HR management interface** with React (MUI) and integrated 10+ REST APIs using **NestJS** & **MongoDB**.
- **E**nhanced a real-time **camera surveillance system** for college exams, improving stability and performance.

Full Stack Developer Intern   April 2024 – Sept 2024
Seequenze Technologies   *Remote*
- **Led the frontend development** of the platform, **enhancing** user engagement by 20%.
- **Spearheaded** 3 internal tools that **accelerated** testing workflows by 40%.
- Contributed significantly to **backend** development by creating robust **APIs** to support core project functionality.
- **Authored** detailed technical documentation and **containerized** services using **Docker** for scalable deployments.

Web Developer TA Intern   March 2024 – April 2024
Ansh Infotech   *Ludhiana, Punjab(India)*
- Taught **web development** concepts **30+** students, enabling students to build strong foundational skills.
- **Resolved real-time bugs and guided students through complex debugging sessions**
- **Supported** students with coding challenges, offering personalized **guidance** to overcome obstacles .

PROJECTS

React Video Annotation Tool : NPM Package / *Real-time Video Annotation Library*   November, 2024
- A versatile and user-friendly library for adding real-time video annotations, offering features like shape tools, annotation lists, undo/redo, and more .
- **700+ first week downloads**
- **Live – React Video Annotation Tool**   Github – **React Video Annotation Tool**

Mind-Mate / *AI-Powered Study Companion*   April , 2025
- **Orchestrated** an AI-powered study companion that assists with academics, **monitors mental health**, simulates realistic **interviews**, and ensures fair quizzes using **real-time face detection** .
- **Credentials for testing** :   email : surajgsn07@gmail.com , password : zxczxc
- **Live – Mind-Mate**   Github – **Mind-Mate**

Lets Connect / *A Social Media Platform for Techies*   April , 2025
- Lets Connect is a platform designed for **tech enthusiasts to network**, share posts, connect through **video calls (webRTC)** , and build profiles by adding education, experience, and more using **MERN** .
- **Credentials for testing** :   username : dummyuser , password : zxczxc
- **Live – Lets-connect**   Github – **Lets-connect**

AWARDS & ACHIEVEMENTS

- **Won Virtual Hackathon –** UpskillIsMafia (January 2025)
- Secured **1st Runner-up in** Inter-College **DSA Competition** (October 2024)
- Placed **1st Runner-up** in Online **Hackathon** (January 2024)

EDUCATION

PCTE Group of Institute   *Aug. 2022 – May 2026*
Bachelor of Technology in Computer Science   *CGPA – 8.1 (currently in final year)*
